

Laure and Jean-Louis Perrin  
32 Cours de la Liberté  
69003 Lyon  
France

To whom it may concern

We hereby testify that Mr Nicolas Douillet has given regularly some personal lessons of mathematics and physics last year and from the beginning of the present school year to our son Nicolas Perrin ( pupil of grade 1 S (sciences) in our French education system ) .

Thanks to the very good quality of these lessons and the deep involvement of his teacher , our son has improved very significantly his results in these two subjects .

We think that Nicolas Douillet has always been very serious and efficient in his teaching work .

Deed in Lyon on December 23<sup>rd</sup> , 2004 .
